NEW ENGLAND DUPLICATOR KICKS OFF 25TH ANNIVERSARY
WITH ADDITION OF NEXT GENERATION DIGITAL PRINTER

MANCHESTER, NH - New England Duplicator is kicking off their 25th anniversary with the addition of the latest generation of digital printer technology from Xerox Corporation. The Xerox Nuvera Series digital printers offer the highest quality currently available in the marketplace, and are an extension of the hugely successful Xerox DocuTech line.

“Our goal has always been to provide the highest level of quality and service available to our customers, and the addition of the Nuvera Series copier fulfills this objective,” stated Mark Wheeler, President of New England Duplicator. “Over the years, our customers have come to expect the very best in quality and turnaround time, and the Nuvera Series will help us meet and exceed these expectations,” he added.

Established in 1981, New England Duplicator is currently celebrating their 25th Anniversary as a local, independently owned corporation. Located at 8030 South Willow Street in Manchester, New England Duplicator provides digital printing, full-color digital output, as well as complete bindery services. For more information, contact Mark Wheeler at 603-623-7080.
